

Silver Beach Towers

Beach Service Reservation System

Silver Beach Towers provides an online beach service reservation system for those who prefer to make advance reservations and not stand in line early each morning to get a preferred beach location. You will usually be able to get a beach setup (2 chairs and an umbrella) whether you make an advance reservation or not – **an advance reservation only increases the chance you will get a preferred location** (as close as possible to the center of the property). If you choose not to make an online, advance reservation, you can still reserve setups at the beach hut when you arrive for as many as 7 consecutive days. If your condo unit comes with a reservation subscription plan you will not be charged for a setup. If your condo doesn't come with a reservation subscription plan (of if you require additional beach equipment) then you will need to take either a credit card (preferred), a check or cash to the beach for payment. **You must always take your key FOB to the beach to claim a reservation regardless of whether or not you make a reservation online or at the beach.** The online, advance reservation system can be accessed at www.silverbeachtowers.org and clicking on "**Beach Service Reservations.**"

As a means of providing security in the online reservation system, both a condo unit number and an access code are required. An access code should have been provided to you either by the condo unit owner or the rental management company you used. If you do not have an access code, please secure one from the reservation agent you used.

When you reach the website you will see the following screen:

The screenshot shows the login page for the Silver Beach Towers Beach Service Reservation System. At the top, it says "Silver Beach Towers" and "Beach Service Reservation System". There are two radio buttons for "Silver Beach Towers East" (selected) and "Silver Beach Towers West". To the right are input fields for "Unit:" and "Access Code:" with an "OK" button. Below these fields, a red warning message states: "The final day of your reservations may not exceed 14 days from today's date" and "Reservations are non-refundable".

After correctly entering both the Unit and Access Code, a screen similar to the following will appear:

The screenshot shows the reservation details page. At the top, it says "Silver Beach Towers" and "Beach Service Reservation System". There are radio buttons for "Silver Beach Towers East" (selected) and "Silver Beach Towers West". To the right are input fields for "Unit:" (500501) and "Access Code:" (WKYL0KC6) with a "Reset" button. Below this is a "Reservations Information" section. It includes a "Starting Date:" field (5/29/2018), a "Reserved Days" section with checkboxes for Tuesday through Monday, and a "Week" checkbox. There is a "Guest Last Name (only)" input field. Below that are dropdown menus for "Equipment" (Standard Setup), "Beach Section" (East Beach), and "Beach SubSection" (Left of the Flag). At the bottom, there is a "Rates" table with columns for "Daily", "Weekly", "Qty", and "Cost". The "Daily" rate is \$35.00 and the "Weekly" rate is \$195.00. The "Requested Equipment" field is highlighted in green. A "Reserve" button is located at the bottom right.

After checking the appropriate Reserved Days or Week boxes and completing the other information, the following screen will appear:

Reservations made from 5/29/2018 through 6/3/2018. Failure to cancel or claim a reservation by 11:00 AM will result in changes of pending reservations to a lower priority.

Your beach setup location will be assigned in the priority sequence your reservation was made (the earlier the better). **You must claim your reservation before 11:00 am each day of your reservation period or your reserved location may be assigned to another guest and you may be assigned a less desirable location when you come to the beach.** To claim your reservation each day you should scan your key FOB with a reader on the sign at the top of the stairs leading down to the beach. After scanning, the system will verbally instruct you where your setup is located (scanning multiple times is OK). If you encounter problems, see the beach attendant in the beach hut at the bottom of the stairs.

Enjoy the beach!
